Bodies of Seven of the Killed Buried at Scottsdale.

PERFECT ORDER PREVAILING.

The Town Thronged, but the Presence of Troops and Absence of Liquor Had a Wholesome Effect — Several Shots Causes Excitement at the Morewood Works—Soldiers Still on Duty.

SCOTTDALE, Pa., April 6.—The special funeral train bearing the bodies of seven of the victims of the Morewood shooting left Mount Pleasant at 2:32 and arrived here at 3:30. The train was composed of six coaches packed full, and standing-room was at a premium on the platforms. The bodies were taken off the train at the depot and placed in large road wagons. The funeral cortège did not move until the regular train arrived at 3:37.

The large public square was not spacious enough to hold the great crowds of people, and the delegations that arrived on regular trains had to form on Pittsburg street and Broadway.

The foreign element did not take kindly to the road wagons being used as hearse to bear the remains of their countrymen to their last resting place, and the coffins were taken out and six of them were carried to the cemetery, a distance of one mile. The seventh was placed in a hearse.

The procession moved at 4 o'clock, headed by the standard Miners' Comet and Scottdale Bands, both of which played the dead march the entire distance. There were 8,000 people at the depot, but scarcely half this number went to the cemetery, and a large majority of those that did follow the remains were Poles, Slavs and Hungarians.

American flags were conspicuous, and a number of the delegations carried banners. The workmen nearly all wore badges and crepe, and when the coffins were lowered into the large trench, which was twelve feet long and seven feet wide, a number of the workmen threw their badges and crepe on the coffins.

Father Lambing and Father Schmeigle conducted the funeral services, according to the rites of the Catholic church, which were simple but impressive. After the services Rev. Schmeigle delivered an address in the Polish language, in which he counseled his countrymen to return peacefully to their homes, to commit no breach of law, and to abstain from intoxicants and shun the saloons. Rev. Lambing made a brief address in English to the same effect.

Though the town was overcrowded with all classes and conditions of people, there was not the least disturbance, and everything passed off in a manner creditable to the workmen.

After the funeral a great mass meeting was held at Everson, across in Fayette county. The speeches were conservative in tone, but the men were encouraged to remain steadfast. The responsibility of the Morewood shooting, Vice President Fenna said, was on the shoulders of the guards and coke companies.

The funeral procession formed about fifty yards from where the five companies of the Eighteenth regiment were quartered and marched past the Fricke Coke company's office. The foreigners flocked around the militia, talked to them in broken English, and were evidently much interested. The appearance of the soldiers no doubt had a quieting effect on them. The saloons were all closed at noon, and intoxicating liquor could not be had in town.

It is said that the labor organizations will at the termination of the strike urge the purchase and erection of monuments in memory of the dead men.

More Shooting.

MOUNT PLEASANT, Pa., April 6.—Several shots were last night fired on the hill back of the works at Morewood, causing a great deal of excitement, but at 10 o'clock everything was quiet.

Superintendent Ramsey's house is surrounded by sentinels, and eleven soldiers are sleeping in the kitchen. There is some ill-feeling against him because men who are not out on strike have been ordered to go to work. The strikers threaten violence to anyone who goes to work.

A check for \$10,000 from the headquarters of the United Mine Workers of America was received by the local officials in Scottsdale last night.

Troops to Be Recalled.

HARRISBURG, Pa., April 6.—The troops in the coke regions will probably be recalled by the middle of this week unless the situation should become more serious than it now appears.

LEVEE BREAKS.

Several Counties in Mississippi Flooded and Great Damage Done.

GREENVILLE, Miss., April 6.—The large levee two miles below Longwood, on the Mississippi side, about thirty miles south of Greenville, broke about 12 o'clock Saturday night. The crease was 200 feet wide at noon yesterday. Efforts to tie the ends will be made at once.

Most of the lowlands of Issaquena county, a portion of Sharkey and several fine plantations in South Washington county will be flooded. The levee is an old one, and the break was altogether unexpected. The main line of the Louisville, New Orleans and Texas railroad will probably be seriously affected. The river at Greenville declined one inch during the past twenty-four hours.

Took No Chances the Second Time.

FOSTORIA, O., April 6.—Mrs. William Murphy, wife of a section boss on the Lake Erie and Western railroad, committed suicide at Burgoon Saturday. She jumped into a cistern a week ago, but was rescued. This time she locked herself in a room, took a dose of carbolic acid and cut her throat. She was 25 years old, and leaves a family. No cause is assigned for the act.

FIRE LOSSES.

LOWELL, Massachusetts, Visited by a Big Fire—Other Blazes.

LOWELL, Mass., April 6.—The Edison block, owned by the Wiman heirs of Baltimore, was burned yesterday afternoon. C. J. Maynard & Company lost \$30,000; H. C. Church & Son, \$6,000. Other losses swell the aggregate to about \$80,000. The fire spread to the Masonic temple ad oining and this, with its contents, was badly damaged. C. A. Mitchell & Company, who were located on the first floor, lost their entire stock of shoes, valued at \$20,000. The public library, with 41,000 volumes, located on the second floor, was badly damaged. There is an insurance on the library of \$20,000. In the Masons' quarters, fitted up at an expense of \$10,000, the damage was principally by water. About 300 Knights Templar regalia, worth about \$2,000, were greatly damaged by water and smoke. The Good Year Rubber company suffered a small loss by water. The building was damaged about \$7,000.

In Memphis, Tennessee.

MEMPHIS, April 6.—Fire early this morning destroyed the seven-story abstract building and the Franklin hotel, and damaged the Odd Fellows building, corner of Main and Adams street. Loss on abstract building \$15,000; on hotel \$6,000. Ex-District Attorney J. R. Fellows, of New York, loses \$15,000 on his building. Insurance was partially insured.

The Fire Destroyed.

TAUNTON, Mass., April 6.—The diamond tuck factory at Raynham was burned on Friday night. Loss, \$25,000; partially insured.

CELINA IS SAFE.

The Town Will Not Be Flooded if the Reservoir Does Break.

CELINA, O., April 6.—A number of sensational dispatches have been sent to the daily papers lately from Lima and Wayanee concerning the safety of the United States Government; but whatever these may be, I am quite sure that a settlement thoroughly satisfactory to both parties will be found, and that the friendship which binds the two nations will remain unalterable and secure".

THE SECRET OUT.

ITALY WON'T FIGHT.

The Italian Premier Merely Wanted to Formally Protest.

WAITING FOR FURTHER DETAILS.

RUDINI THINKS THAT THE TROUBLE WILL BE SETTLED SATISFACTORILY TO BOTH PARTIES. ALTHOUGH IT IS SAID THAT HE IS BEING URGED TO QUARREL BY A MAFIA REPRESENTATIVE IN THE ITALIAN GOVERNMENT—ITALIANS RIDDLE OUR FLAG WITH BULLETS AT A NEW YORK STONE QUARRY—VOLUNTEER SERVICE BEING OFFERED THE WAR DEPARTMENT.

NEW YORK, April 6.—A special from Rome to The Mail and Express quotes the Marquis di Rudini as saying that he had no intention of pushing any demands, and was content with having taken one positive step as a protest against what he was led to believe, at the time, was a neglect on the part of the United States government, to protect the lives of Italian citizens in America, under the provisions of the treaty. He expressed himself as aware that to do anything more at this juncture would be a grave error on his part, as he has perfect confidence in the sincerity and justice of the United States government.

Finally he said: "I shall now simply wait for further details of the New Orleans affair, of the character of the slain men, of the action of the Louisiana authorities and of the intentions of the United States Government; but whatever these may be, I am quite sure that a settlement thoroughly satisfactory to both parties will be found, and that the friendship which binds the two nations will remain unalterable and secure".

RUDINI SAID TO BE URGED TO THE QUARREL BY A MAFIA REPRESENTATIVE.

NEW YORK, April 6.—A dispatch from Rome says that Signor Nicotera, the present minister of the interior, forced the Marquis Di Rudini into his aggressive attitude towards America because he is cheek by jowl with the executive men of such secret societies as the Camorra and the Mafia.

He owes his political position by their powerful efforts. This is the man who is now pressing the King of Italy and the Marquis Di Rudini to provoke a quarrel with the United States, because his government does not preemptorily punish the citizens of New Orleans who lynched the Mafians, whom the Italians would have destroyed in a similar way had they found the machinery of the law not strong enough to cope with the tank.

RIDDLE OUR FLAG WITH BULLETS.

SUCH THE UNGRATEFUL ACTION OF ITALIANS TO WHOM AMERICA HAS GIVEN REFUGE.

KINGSTON, N. Y., April 6.—A dispatch from Le Fevre Falls states that considerable excitement exists there over the outrages of a number of Italians employed in the quarries there. The Italians in question recently held a meeting and adopted resolutions roundly denouncing the conduct of the citizens of New Orleans and American institutions in general.

To emphasize their displeasure with the people and government of the United States the Italians hoisted an American flag on a high pole and then riddled it with bullets. The quarry owners hearing this instantly discharged the men. Most of the Italians have since left the place.

Volunteers Ready for Duty.

WASHINGTON, April 6.—Volunteers for service in the army in case of war are still coming into the war department.

Acting Secretary Grant Saturday received telegrams from Alabama, Missouri and South Dakota, to the effect that the senders were prepared to bring large numbers of volunteers to the government service.

SIXTEEN ITALIANS ORDERED RETURNED.

NEW YORK, April 6.—Sixteen more Italians were ordered returned to Italy Saturday by the superintendent of immigration. The causes for barring the men from landing were that some had contagious diseases, others chronic loathsome diseases, and others because they had no money or friends.

BARON FAVA TOO ILL TO TRAVEL.

WASHINGTON, April 6.—Baron Fava, though somewhat better, is still quite weak and confined to his room. He had intended to sail from New York Saturday, but it is impossible to tell how long he will be detained in Washington.

AN ANARCHISTS FUNERAL.

OBSERVATION OF THE LATE JOSEPH FRICK AT PITTSBURG, PA.

PITTSBURG, April 6.—In the undertaking rooms of H. Samson on Sixth avenue, this city, surrounded by evidences of wealth, in the presence of nearly 1,000 persons, the obsequies of Anarchist Joseph Frick took place yesterday afternoon. Johann Most delivered the eulogy and took advantage of the occasion to make an appeal for anarchism.

The dead man was attired in a blood red scarf encircling the throat, and a blood red rose was pinned to the coat lapel.

Around the foot of the bier floated the folds of a carmine Anarchist flag. The rests beneath the casket were draped with bunting of the same sanguine hue. Two bouquets of fresh field flowers lay on the coffin lid and over the coffin there hung two red garlands.

WELCOMING THE G. A. R. ENCLAMPMENT.

DECATUR, Ill., April 6.—The town is painted red, white and blue with decorations to welcome the 4,000 delegates

and thousands of visitors to the encampment of the Grand Army of the Republic to begin to day, the silver anniversary of the organization of the order. Gen. Veasey, commander-in-chief, Commander Distin, Mrs. John A. Logan, Gen. Lew Wallace, ex-Governor Oglesby and Governor Fifield and staff are among the notables in attendance.

PROBABLY A MURDER.

BETHLEHEM, Pa., April 6.—The body of William Bracher found in the creek near Ringen, in this county, Saturday morning. The case is shrouded in mystery, and murder is suspected.

DAILY, EXCEPT SUNDAY.
ROSSER & McCARTHY,
Proprietors.

MONDAY, APRIL 6, 1891.

SINCE the Constitutional convention abolished the office of Public Printer and Binder, the Courier-Journal crowd have been howling mad. They should cool down. The don't hold any mortgage on the State of Kentucky.

DAVIS, the Democratic nominee for Governor of Rhode Island, received a plurality of 1,254 votes over Ladd, the Republican candidate, at the election last week, but Ladd may fill the office all the same. They should change the laws of that State.

THE Mt. Sterling Sentinel-Democrat imagines the Tenth district Democrats should rally to the support of Hon. Jo. Elliston for Attorney General, just because Joe lives in the district. Two of the papers in that district, however,—the Jackson Hustler and Hazel Green Herald—lean toward Jack Hendrick strongly, and that's what's worrying the Sentinel.

A. B. FARQUHAR, a manufacturer of York, Pa., writes of the manufacturers of agricultural implements: "If we had free raw material we could not be undersold by any nation upon the earth. We have such pre-eminent and indefeasible advantages here for manufacturing with our improved machinery, abundant lumber supply and better class of labor, that if we were not at disadvantage in the purchase of indispensable raw material, we could not only control the markets of the world, but afford to sell implements and machinery considerably cheaper to the American farmer."

"House of Reform."

The Con. Con. did a good thing when it adopted the following:

It shall be the duty of the General Assembly to make provision by law as soon as practicable for the establishment and maintenance of an institution institutions for the detention, correction, instruction and reformation of all persons under the age of eighteen years convicted of such felonies and misdemeanors as may be designated by law. Said institution shall be known as the House of Reform.

An institution of this kind has been needed for a long time.

Hick's Weather Predictions for April.

Irl R. Hicks, a weather seer, makes these predictions for April: "Clear, frosty weather will follow the storms of the 1st and 2nd, until about the 5th it will turn warmer, with cloudiness and rains. The 9th to 12th is shown in calendar as next storm period. April rains, hail storms, with snow in the north, may be expected. Frost and cold will follow. April showers will gather into heavier storms about the 16th and 17th. The 22nd, 23rd and 24th are regular storm days in which rain and hail storms will occur. A very warm atmosphere, with electric clouds, may admonish of danger. In the north, snow not surprise, followed by the regular fall of temperature, perhaps to freezing. There are reasons to expect storms about the 28th and 29th. Space forbids explanation. April ends cool to cold."

Electricity's Wonderful Work.

Electricity will bring together atoms so small that millions of them will not dislodge water, and, out of these forms a tangible, ponderable body of water. We take a solution of silver, that is a quantity of silver dissolved in water and other liquids, and in this solution insert a copper wire with a piece of silver attached. At the other end of the vessel holding this solution we insert an iron spoon with another copper wire attached to it. These two wires are then attached to an electric battery and a current of electricity passed through them and the silver solution. The current of electricity dissolves the piece of solid silver into such minute atoms that they can not be seen by the most powerful microscope and these silver atoms are carried through the liquid solution to the other end of the vessel by electric current and deposited on the iron spoon so evenly that an expert could not say that it was not moulded out of solid silver. Man has discovered this much of nature's workings and turned it to his use. The electric current is not an invention but a discovery and it will operate only in accord with natural laws and only in a complete circle as we find it in a natural magnet.—W. T. Foster's Science Notes.

Progress.

It is very important in this age of vast material progress that a remedy be pleasing to the taste and to the eye, easily taken, acceptable to the stomach and healthy in its nature and effects. Possessing these qualities, Syrup of Figs is the one perfect laxative and most gentle diuretic known.

Public Speaking.

Mr. E. K. Shultz, of Louisville, one of the leading officials of the Farmers and Laborers' Union of Kentucky, will speak at the court house Monday, April 13th, (County Court day) at 1 o'clock p.m. The public are invited to attend.

DOINGS OF THE ALLIANCE.

The County Union Wants the Capital Location Question Submitted to a Vote of the People.

The County Union of the Farmer's Alliance was in session at the court house last Saturday.

The meeting was called to order by President Luttrell at ten o'clock.

A call of Subordinate Unions showed all in the county represented. An organization at Tuckahoe was reported as having been effected since the previous meeting.

A communication was read from Mr. E. K. Shultz accepting an invitation to address the people of Mason County in behalf of the farmers and laborers of Kentucky at Maysville on Monday, April 13th, at one o'clock p.m.

The committee on resolutions reported the following which were unanimously adopted:

WHEREAS, The farming lands of Mason County are now and have been assessed higher than any county in the State, thereby entailing unequal burdens of taxation upon our people, and

WHEREAS, Our farms have depreciated twenty-five per cent, and yet in the face of the depression the State Board of Equalization has raised the taxable value of our farms three to five per cent. every year for four years; be it

Resolved, That we view with suspicion the action of the State Board of Equalization in raising the taxable value of our real and personal property five per cent. for 1891.

Resolved, That it is the sense of this meeting that every farmer in the county should interest himself in this matter and demand a full investigation.

Resolved, That we endorse in full the demands of the Vanceburg district meeting.

Resolved, That we favor a State Board of Arbitrators whose duty shall be to arbitrate all questions arising between employers and employees.

Resolved, That the question of permanently locating the State Capitol should be left to a vote of the people.

At the afternoon session the question of establishing a district journal was favorably discussed, and a committee was appointed to confer with all county unions in the district.

Matters of political significance then received the attention of the meeting until adjournment.

The Maysville BULLETIN was asked to publish a notice of Mr. Shultz's appointment.

There are nine subordinate unions now in Mason County—Helena, Minerva, Dover, Mt. Gilead, Farmers' Hope, Tuckahoe, Oakwoods, Rectorville and Orangeburg. The membership is reported at 600.

"Horse Sense."

Mention was made a few days ago of the death of Daulton Bros'. old white horse "Clint," at the age of twenty-two years. For some time "Clint," owing to his long and faithful service and his advanced years, had been allowed to roam the stable at will, of nights.

It is told that on the night of his death, he approached the side window of the office, and looked about the room for a few minutes. Turning around, he ascended the drive to the second floor, and going to a room in which Mr. Henry Daulton was sleeping, he kicked on the door several times. Leaving there, he descended to the first floor, went to the rear and kicked on the door of a room where some of the employees were sleeping. The employees and Mr. Henry Daulton were aroused by the unusual noise, and getting up they began an investigation. "Clint" was soon found stretched out on the floor and in his last struggles. He died shortly afterwards.

Strange.

A Fleming County man lately moved his family to Maysville. He prudently put his funds in bank, keeping \$20 in currency and some \$4 or \$5 in coin for current expenses. One night shortly after they were established in their home his wife awoke her husband, told him she dreamed that a negro came into the house and she saw him take the money. The husband laughed over the singularity of the dream and quieted his wife's excitement by telling her it was impossible, as the house was securely fastened, and they both went to sleep. Next day, his mind reverted to the dream and to make assurance doubly sure, took his purse from his pocket, and you can imagine his astonishment to find his \$20 in currency gone, whilst his silver was in place, and there was something to them in that dream as they were ill able to loose it.—Fleming Gazette.

Silver Anniversary of the G. A. R.

To-day is the twenty-fifth anniversary of the organization of the Grand Army of the Republic. Joseph Heiser Post No. 13 will hold commemorative services this evening at 8 o'clock at their hall in the court house. There will be readings and speaking. The Women's Relief Corps, Sons of Veterans and the public generally are invited.

An Ex-Citizen of Mason Dead.

Another Mason County man has laid off the armor of life. George Brent Lewis died suddenly at the residence of Judge McPherson, in Hopkinsville, Ky., a few days ago in the fifty-ninth year of his age. He was a bright young man when his father and mother, Isaac Lewis and Mrs. Sarah Brent Lewis, left Mason County.

THE RAIN PERIOD.

Foster, the Weather Prophet, Says It Will End About April 14.

Foster, the St. Joe weather seer, in his weekly prediction, says: "My last letter gave dates of storm wave due to cross the continent from 5th to 7th. All the storm waves of this month, as heretofore stated, will show unusual energy, because of the near approach of Saturn's equinox, and from this until the June storms of 1892 have passed, all the storms will develop more than average energy, including some of the most destructive and dangerous that have occurred since 1832.

Following April 6, the next disturbance will be due to leave the Pacific coast about the 10th, pass the Rocky-Allegheny valley from 11th to 13th and reach the Atlantic coast about the 14th. This storm will close the 52-day rain period, which was due to set in about March 1. The general course of this disturbance will be along the 40th degree of north latitude, but the rain-fall will principally be south of that line. The cool wave following and the frosts will not be severe, and will be confined to northern latitudes.

Another storm-wave will be due to leave the Pacific coast about the 16th, cross the Rocky-Allegheny Valley from 17th to 18th and reach the Atlantic coast about the 20th. This storm will become very dangerous on the Atlantic coast, east of New York City, in about the longitude of Labrador, on April 21, and it will not be safe to be on that part of the ocean at that time. At the same time, April 21, a dangerous storm will be off the coast of Alaska, southeast of Bering sea. On this continent, this 16 to 20th storm will not be remarkable, but the cool wave following it will probably develop destructive frosts as far south as the 38th degree of north latitude. The March storms were almost continuous. I expect a great flood in the Missouri river during April, from excessive rains and melting of the snow in the mountains."

The Star Novelty Minstrels.

The Star Novelty Minstrels will be the attraction at the opera house to-morrow night. George Kehoe will handle the bones, George Daugherty will give some of the latest selections on the tambourine and C. F. Fist will figure as the interlocutor. Jas. R. Newell will give the audience a taste of "Chicken Pie," George McDonald will vocalize about "Pretty Nettie Moore," after which Kehoe will appear in a character sketch entitled "A Bad, a Tough Man." Then Mr. Daugherty will sing about a "Court House in the Sky," after which the audience will be treated to a charming selection entitled "Dreaming as She Sleeps." The feature of the grand finale of the first part will be the appearance of "The Barnum Band." During the second part, there will be a stump speech, clog dancing, character sketches, "A Scene in Maysville After Dark," and juggling, the entertainment to conclude with the exciting farce, "The Coal Heaver's Revenge."

Popular prices—5, 15 and 25 cents. Secure tickets in advance and avoid the rush.

River News.

Over 1,500,000 bushels of coal was shipped from Pittsburgh Friday and Saturday for Louisville.

The Sherley, Stanley and Congo are due down this afternoon, and will make things lively as usual.

The Telegraph will pass down late tonight and the Bostonia for Pomeroy and Scotia for Pittsburg will pass up.

The Big Sandy and Pomeroy Company has closed a contract for the building of a side-wheel steamer, to be a duplicate of the steamer Telegraph, which boat's place she will take when completed. The Louisville Mail Line Company also contracted for a stern wheel boat to take the place of the Louis A. Sherley. Both contracts were awarded to M. G. Knob & Son, of Marietta. The stern-wheel is to be completed in ninety days, and will be 200 feet in length, 33 feet beam and 4 feet depth of hold. She will have three boilers, with cylinders 16 inches by 6 feet.

Here and There.

Mr. Ed. Cook is in town, stopping at Central.

Mrs. Robert Means has returned from a visit to Mrs. John Hall, of Covington.

Mr. Clarence Moore, of Washington City, was here yesterday visiting friends.

Mr. A. J. Suit, of Sardis, left Saturday to resume his studies in the National Normal School, at Lebanon, O. He had been at home some time recovering from a spell of sickness.

The Railways.

The C. and O.'s new fast train between Cincinnati and Washington will not be put on until about the 1st of May, it is now stated. The equipment for this train consists of six elegant coaches, three composite cars, dining car and handsome Pullman sleepers, all lighted by Pintsch gas.

COLONEL W. J. WORLINGTON, the well known Republican of Greenup, isn't paying any attention to politics now-a-days. A fine daughter that arrived at his home a few days ago is occupying his leisure moments.

THE Sub-Treasurer at Cincinnati received on Saturday a consignment of \$250,000 in one-thousand-dollar silver certificates. The whole amount was in three small packages, which were no larger than a small note-book.

DENNIS LANE, a colored man who lives near Washington, is over seventy-eight years old, and is the father of thirteen children. He has forty-eight grand children and twenty-seven great-grandchildren. One of his sons, Madison H. Lane, died a few days ago.

THE docket of the April term of the Mason Circuit Court closed Saturday. It is the largest for a long while. There are seventy-five cases—fifty-four common law and twenty-one equity. Only two divorce suits have been filed since last term. Court will convene a week from to-morrow.

DR. ALISON'S method of treating consumption, catarrh and bronchitis has been used in Tiffin with excellent results. He has done good work here and met deserved success. Not a few will regret his departure among us. He is a genial, approachable gentleman, as well as an experienced and conscientious physician.—Tiffin (O.) News.

THE annual meeting of the Lewis & Mason Turnpike Road Company was held Saturday. The following directors and officers were chosen:

Directors—J. Harvey Meenach, A. R. Glascock, L. H. Jenkins. Dr. J. P. Phister, Samuel J. Parsons.

President—Dr. J. P. Phister.

Treasurer—A. R. Glascock.

Superintendent—L. H. Jenkins.

THE Blue Grass Circuit of fairs and trots is entering upon its third year with the brightest of bright prospects. In many instances the stakes and purses are much larger than ever before, and the conditions are more liberal. As a consequence, the entries will be much larger this year than they were last season and the previous season, and excellent sport may be expected.—Woodford Sun.

CAPTAIN JOHN N. CADY, of Detroit, is here to spend a few days with his brother, Mr. Charles Cady. It is his first visit to Maysville since 1868. Captain Cady went through the late war as a member of the noted New York Zouaves, and was in the famous battle of Bull Run and other hot engagements. During one of the first fights in which he took part, he changed his position to get in little better quarters, and the next instant a fellow who had stepped in the place he had left was shot dead. The Captain concluded from this that he was not destined to be killed, and he came out of the war without a scratch.

JAY GOULD, the railway magnate, passed down over the C. & O. yesterday afternoon in his private car "Atlanta." He is accompanied by his son and daughter.

JOHN JOBST, a charter member of St. Patrick's Benevolent Society, died yesterday at his home above Aberdeen, at an advanced age. He was a good man, esteemed by his neighbors. Funeral tomorrow at 10 a. m. at St. Patrick's Church. Burial at Washington.

A SUCCESS.

Fraze & Browning's Initial Auction Sale of Leaf Tobacco.

About Thirty Thousand Pounds Disposed of at Fair Prices.

Messrs. Fraze & Browning's initial auction sale of leaf tobacco last Saturday was a success.

It was attended by a large crowd of farmers and buyers, bidding was spirited and good prices were realized.

About 30,000 pounds were sold in less than one hour, and the fact that there were only three rejections is evidence that the prices were satisfactory. Most of what was sold was of a very inferior grade. No fancy leaf was put up, and consequently no fancy figures were obtained.

The tobacco had been graded and separated into bulks. From these, samples had been drawn and tagged, showing the number of each bulk and the number of pounds it contained. The sales were made from these samples.

Mr. Charles Taylor was auctioneer, and the following buyers were present: M. L. Kirkpatrick and Alex. Martin, Jr., of Ripley; H. S. True, of Dover; R. H. Oursley & Co., of Rome, O.; Frank Hite, of Higginsport; B. S. Rankins, of Augusta; L. M. Tabb, of Cincinnati, and Thos. Best, of this county. All Maysville dealers were on hand and were good bidders.

The first bulk was sold at 11:25 a. m. to Mr. Frank Hite, and by half-past 12 o'clock the sale was over.

Common trash brought from 50 cents \$1.50 per hundred, good trash, \$2 to \$3.50; common lugs, \$2 to \$3.50; good lugs, \$4 to \$6; common leaf, \$5 to \$7; and good leaf, \$7 to \$10.75. No fine leaf was offered,

Most of the tobacco disposed of at Cincinnati on Friday sold at prices ranging from \$1 to \$10, according to grade, so it will be seen the prices obtained here were as good as Cincinnati figures.

The next sale will be held as soon as sufficient tobacco is received.

County Court Doings.

Sheriff Alexander filed a supplementary list of delinquent taxes for year 1890, which was sworn to and allowed as a credit to said Sheriff on the revenues charged to him for said year.

The annual report of the Lewis and Mason Turnpike Company was filed. The tolls received during the year amounted to \$2,769.13. The repairs cost \$2,728.37, salaries \$411.15, and \$700 was paid on old debts. The company's indebtedness now amounts to \$2,497.93, an increase of \$594.07 during the year.

Thomas Guilfoyle was granted license to retail spirituous, vinous and malt liquors at his place of business near the K. C. depot.

MINER'S MAXIMS!

In rain or sunshine,
No matter what the weather,
Miner's Shoes are declared the best,
Being made of the best of leather.

What is more essential than perfect production for the feet?

The slightest pain in our lower extremities caused by pressure, give rise to great annoyance and distress.

Now why should these annoyances be endured, when you have a remedy at hand?

What's the remedy? Why, Miner's unequalled Shoes, which are made in perfect shapes and of the best of leather.

We learn by experience that those who stick by us during bad as well as pleasant weather, are proved friends.

In like manner we find that those Shoes which stand the test of wear, are indeed proved good.

These Good Shoes, Miner is offering to the people at moderate prices.

The quality of a Shoe is sometimes cut, so as to cut the price.

These are not "good shoes," because, being made cheap, they soon give evidence of their inferiority.

Miner's Shoes are not "cheap" but they are good, and are sold at a reasonable price.

They have gained a wide reputation during his experience of

DOES IT MEAN WAR?

A Demand from Russia, Backed by French Approval,

ADDRESSED TO OTHER POWERS.

A Protest Against the Continuance of the Present Form of Government in Bulgaria—The European Powers Will Not Accede to the Demand—Various Other Foreign News.

LONDON, April 6.—A note from the Russian government will be presented to the European powers to day protesting against the continuance of the present form of government in Bulgaria, and demanding that Roumelia, the affairs of which are now administered from Sofia, and which is an integral part of Bulgaria, shall be separated from that principality.

France will give her support to this note, but the other powers will insist on maintaining the status quo. Stanislaus proposed to meet the Russian note by proclaiming Bulgaria independent, but the friendly powers are used to assent to this step until Russia and France shall have shown their intentions more clearly than at present.

Trying to Stop German Emigration.

BERLIN, April 6.—It is stated that the government has sent instructions to its minister to ascertain what, if any, guarantee of protection the American government gives to German subjects resident in the United States. The present controversy between America and Italy is viewed with no little satisfaction at Berlin, and the worst possible form given to it by the German press generally. The motive is not as much unfriendliness to the United States as to put a stop to German emigration, which is already making itself severely felt in the lack of laborers for agriculture.

The Conservative party and the large land holders generally are in favor of prohibiting emigration, for all except Jews as is done in Russia. The government is not prepared to go this far; but none the less appreciates the effect of the drain upon the industries of Germany. The impression is, therefore, sought to be created that America is a lawless country, and the scenes like the New Orleans massacre are of ordinary occurrence.

Michael Davitt Not Popular With Labor.

LONDON, April 6.—The refusal of the government to accept Michael Davitt as the Irish representative on the labor commission is generally approved by both parties in England. The London trades unionists do not conceal their satisfaction, and their leader, Thomas Mann, who proposes himself to issue a labor paper, is said to be gratified at the repudiation of Davitt, whom Mann and his fellow unionists claim to regard as a foreigner, with no right to interfere in the labor interests of Great Britain.

Fatal Explosion of Gas.

LONDON, April 6.—An accident, resulting in the death of a number of persons and the injury of many more, is reported from Frankenstein, Silesia. A crowd of customers were present in a grocery when, from some unexplained cause, an explosion of gas occurred, shattering the building and setting fire to the contents of the shops. Five persons were killed by the shock or by bursts, while numerous others were seriously injured, some of whom, it is feared, will not recover.

Memorial Services.

LONDON, April 6.—The memorial service for the late Lord Granville, held in the Chapel Royal, London, yesterday, was of a very impressive character. The chapel was crowded with the most distinguished persons, all personal friends of the deceased statesman. Mr. Gladstone, Robert Gladstone and their families were among the number. Mr. Lincoln, the American minister, was present, and seemed much affected.

Gale Sweeping Over Scotland.

LONDON, April 6.—A terrific gale is sweeping over Scotland, and numerous wrecks are reported along the northern coast. At Peterhead, Aberdeen, the whole population is on the shore, watching the struggles of the fishing vessels to make safely for land.

Quarrymen Strike.

LONDON, April 6.—The extensive quarry interests of Leicestershire are seriously affected by strike which has occurred among the quarrymen. About 5,000 men are out, their demand for an increase of 10 percentum in wages having been refused.

Dynamite Explosion.

LONDON, April 6.—A serious accident is reported in connection with the relief railway system. Some dynamite exploded prematurely at Killybogs, Ireland, and one person was killed, and several seriously wounded.

One Hundred Churches Closed.

ROME, April 6.—The pope has ordered a hundred churches in Rome to be closed, they being unable to support themselves on account of the sequestration of their goods by the government.

BOXING AS A HOOISER ART.

A Finish Fight at an Ovid School Exhibit.

INDIANAPOLIS, April 6.—The public school at Ovid, Ind., closed Friday night with an old-fashioned school exhibition, consisting of essays, dialogues and declaimations. The program started off with a prayer by the local minister, followed by an address by the trustee.

One of the principal features of the entertainment was a five-round boxing match between Pleas, Read and Ben Bars, of Anderson. The pugilists took advantage of the school exhibition to make it a fight to a finish. Jack Hanley, a noted fighter of Indianapolis, acted as referee. The two combatants stripped to the waist, and fought five vicious rounds, blood flowing freely. Read was knocked out, and the fun ceased.

MARTINSVILLE, Ind., April 6.—Frank Dice, the murderer of William Chaney, at Atkinsville, Owen county, has been admitted to bail in the sum of \$5,000. His trial will come up for hearing at the June term of court.

OUR NEIGHBORS.

BLUE LICK SPRINGS.

Licking river is on a boom. Mrs. Annie Sparks is visiting relatives at Cincinnati.

Mr. Frank Bland took possession of the Pavilion Hotel April 1st.

MAYS LICK.

S. A. Piper and Joel Laytham have bought the Henderson and Morrison Jack at Mt. Carmel, said to be one of the best mule jacks in the State.

John Hunter, of Bourbon County, was here this week buying up some fat cattle to feed to the hungry in his country.

AUGUSTA.

The people of Augusta have a treat in prospect for April 15th in a concert to be given by Signora Louise Fugazzi at the rink, assisted by the Presbyterian choir. This lady's talent is of high order, and we hope a large and appreciative audience will greet her on that occasion. The merit of the choir is well known. The piano accompanist (Miss Anna Koedinger) is a pupil of the College of Music, and Miss May Hamilton, another pupil, is a student at the college for two years, and has taken a high rank in her profession. The people of Maysville are cordially invited to be present.

HELENA.

Bart Stone, of Texas, was here Wednesday. Luke Barker, of Maysville, is visiting F. M. Cosigan and family.

S. D. Clark and wife visited relatives at Mt. Carmel the past week.

John H. Rose, our harness maker, is confined to his bed with vertigo.

Dr. J. D. Dougherty, of Middlesborough, was in our midst last week.

Alex Calvert, our reliable trader, is on the sick list at home near Mill Creek.

James Harvey and Jeff Rice were in Mt. Sterling and Owingsville the past week.

Mrs. Maher, nee Mrs. Collins, of near Maysville, visited the family of Isaac Keith Wednesday.

Mr. Steve Harrison, our merchant, walked three miles to find out what day of the month it was on April 1st. He says that we will never fool him again.

Our sick list is rapidly increasing. We enroll Mrs. Mary Cook, Mrs. Rosa Allen, Mrs. Lucy Peck and Miss Annie Griffin and Arthur Griffin. Those we have named heretofore are slowly improving.

Chamberlain's Cough Remedy the Best of All.

LATROBE, PA., Jan. 27, 1891.

Messrs. Chamberlain & Co., Des Moines, Iowa, Gentlemen: You have helped me considerably with a good medicine and splendid advertising. Chamberlain's Cough Remedy is the most popular cough medicine I handle.

Mrs. Griffith, wife of Supt. of the Latrobe steel works, always has your Cough Remedy in her house. I persuaded her to try it months ago; yesterday sold her the fourth bottle.

Samuel Osborne, a prominent contractor, tells me: "John MacMillan, you can't say too much for Chamberlain's Cough Remedy. Say all you can and I will put my name to it."

"Mr. MacMillan you remember asking me to try, just to try, a bottle of Chamberlain's Cough Remedy for that terrible cough I carried for months. Well! That cough is gone. Oh! My name is Miss Weis."

Mr. Jos. Barnett, our bank cashier, had a tickling in his throat for four or five nights: "Mac," one dose only of Chamberlain's Cough Remedy and I slept until morning.

Gentlemen, these are samples of hundreds that I know.

Think of the vast number of cough syrups sold. Chamberlain's Cough Remedy excels them all. Sincerely yours,

JNO. C. MACMILLAN,

Proprietor of the Corner Drug Store, For sale by Power & Reynolds, druggists.

DAM GIVES WAY.

IOWA CITY, Iowa, April 6.—Coralsville dam, a few miles above this city, burst from the immense pressure of water last night, and a flood swept down the valley, doing a great deal of damage. The people who had been warned beforehand of the advance of water, fled. The dam was built in 1869 and cost \$30,000.

Sentenced to Imprisonment and Death.

LEAVENWORTH, Kan., April 6.—David E. Davis smothered his wife, who was forty-six years his senior, in order to gain possession of her property. He was Saturday sentenced to one year in the penitentiary and to be hanged at the end of that time. The case has been appealed to the supreme court.

BRIDGEPORT, Conn., April 6.—Phineas T. Barnum is dangerously ill with the grip. His family is at the bedside and visitors are not allowed to see him.
